A SERIOUS SITUATION.

France Acted in Bad Faith-England May be Forced to Extreme Measures.

London, August 1 .- The Daily News says: "The latest news from Bangkok is very serious. Siam having accepted the French terms, France's persistence in coercive measures will be equivalent to an unprovoked declaration of war, if not an open demand for the cession of Siam. The British foreign office has never been in better, or firmer hands than now. We have no desire to attack France, but while Lord Roseberry made

France, but while Lord Roseberry made up his mind from the first not to assist or encourage the Siamese, he was equally determined, with the approval of his colleagues, to protect the commercial rights of his own countrymon. He distinctly warned France that British vessels could not be stopped under a blockade awowedly pacific in character. It is quite impossible for Great Britain to withdraw the ships she sont to Bangkok for protective purposes. We cannot be accused of exciting public feeling against France. But moderation is one thing, weakness another."

Unenstness in Bangkok.

Pants, August 1 .- Advices received here from Bangkok show that no understanding has been reached in regard to the delimation of the territory claimed by the French, or at least that no knowledge to that effect has reached the Stamese capital. Neither is it known at Bangkok that the blockade is to be raised at once. On the contrary the dispatches from Bangkok fully support the reports current lass night that much uneasiness as to the final outcome of the trouble is felt at Bang-kok and that the anxiety is increasing daily. It is feared that an attack will daily. It is foared that an attack will be made upon Bangkok unless the French government sends orders to Vice Admiral Humann not to attack the city.

The Blockade Still in Force.

Paris, August 1 .- Prince Vadhana, the Siamese minister to France, called at the foreign office to-day and in-formed Foreign Minister Develle that Siam was prepared to give the supple-mentary guarantees required by France for the strict fulfillment of the terms of

the ultimatum, pending a final settle-ment of the questions involved.

It is understood that the French will occupy the river and port at Chantibun, which town lies 175 miles to the southeast of Bangkok, on the Gulf of Slam, until a complete evacuation is made of the Stamese military posts on the loft

bank of the Mekong river. The blockade is still in force.

SIAM AGREES

To the Further Demands of France-The Cabinet Meeting.

Paris, August 1 .- A council of the ministry was held at the palace of the Elysee to-day. M. Develle announced that Prince Vadhana had signified his government's willingness to concede suplementary guarantees demanded by

France,

The supplementary guarantees demanded by France from Siam which include the temporary custody of the river and port of Chantibun, and that Siam shall not establish military states in certain many places near the tions in certain named places near the Cambodian froutier, or within a cer-tain distance of the Mekong river, were contained in a note issued by M. De-velle yesterday and made public to-day.

FLINT GLASS SCALE.

The Wage Negotiations Begau-Some Changes, but no Trouble Likely. Pirtsaurgu, Pa., August 1.— The American Flint Glassworkers' Union commenced wage negotiations to-day

commenced wage negotiations to-day with the manufacturers. Rates for thirteen departments are to be fixed and the conferences will lastfully two weeks. The scale discussed was the one applying to the pressed ware workers. It will likely be settled and put aside when the committee meets to-morrow. The manufacturers did not make any demands for changes in the rates now in vogue and were willing to sign the last year scale. The workers, however, proposed alterations and a general readjustment of the wage bases.

The change they desired involved better wages in some instances, but no radical advances in rates were demanded. The manufacturers offered no serious objections to their employes terms, and the greater part of the new scale was settled when the committee adjourned.
